Meet Your Managers

Holly Knowles has been part of our Credit Union team since

1990! For over 27 years, Holly has assisted our members with their mortgage and consumer lending needs. In addition, as of July 2017, Holly took over the branch manager position, following the retirement of our previous branch manager, Lark Smith.

Holly is married with 3 children and 2 "granddogs". She enjoys spending her time with family and friends. She and her husband enjoy attending Texas A&M football games in the fall. Go Aggies! Holly is also a 12-year volunteer of the Heart O' Texas Fair & Rodeo.

Next time you're in the Waco office be sure to stop by and say hi to Holly. She says, "I feel like I have "grown up" in the credit union and consider many of the members, their children and grandchildren as part of an extended family."

Help us keep your money from going to the State of Texas.

All states require financial institutions to report when personal property has been abandoned or unclaimed after a period of time specified by state law. Texas considers personal property to be abandoned after a three year period. If your account has remained inactive for this period of time, HOTFCU must report the account to the State of Texas. To avoid this process happening to your account, be sure to make a deposit, transfer or withdrawal to your account at least once every 12 months. Dividends/interest posting to your account is not considered activity. Contact one of our Member Service Representatives if you have any questions regarding your account or this process.
