### Protecting your account is our top priority...

Although we try, we may not always recognize our members. Please do not be offended if we ask for your I.D. when you visit your local branch.

### MEMBER VERIFICATION

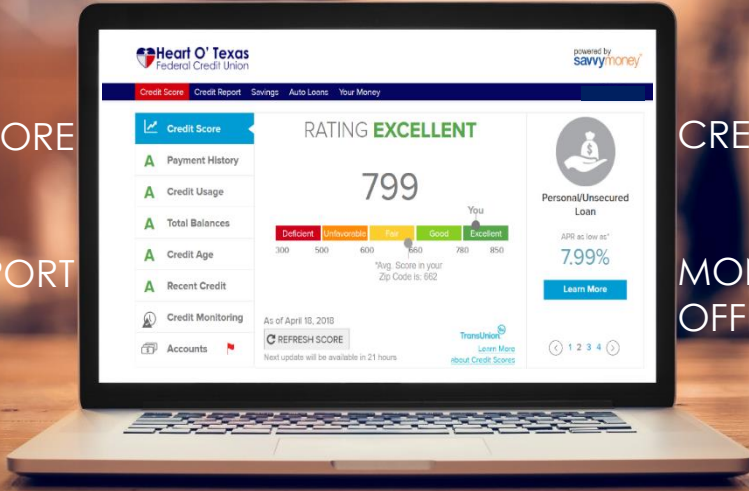

As a part of our risk management process CornerStone Credit Union League, will be performing an account verification in which our members will be asked to confirm the accuracy of an account balance. This process is required by our auditors and our regulators. As a part of this procedure you may be randomly selected to confirm information, or detail a balance discrepancy. No other information will be requested. It is one of many internal control processes followed by the credit union to enhance the accuracy and reliability of our financial reporting system which ultimately protect you, our member.

If you are one of the randomly selected members, please review the information in the confirmation letter and agree it with your records. If the information contains errors, there will be an address included for you to report the discrepancy. Do not mail this reply to the Credit Union. If there is an error in the information noted, our auditors must receive a reply directly from you.

On behalf of the credit union, thank you for your attention to this request and for your loyalty and continued support of the credit union.

**Avoid Debit Card Fraud** Debit card fraud takes place everyday in a variety of ways. You can't prevent it from happening, but you can create some obstacles and make it tougher for someone to get hold of your card number. Treating your card and account number like cash is one way to head off potential misuse.

- Do not give your account or card number to anyone on the phone unless you've made the call to the company
- Carry your card or account information separately from your wallet. Minimizes loss in the event your wallet or purse is stolen.
- Never sign a blank receipt • Notify your credit union if your address has changed
- Report any questionable charges to your account immediately.

## Mark Your Calendar

» UPCOMING EVENTS
